SURFACE MATERIALS FOR REFINED INTERIORS AND DURABLE PROJECT SPACES

AGALAR Group supplies curated tile and surface selections for importers, contractors, retailers and project developers. The catalogue presents ceramic, porcelain, marble-look, outdoor, wood-look and decorative surfaces designed for practical specification and export-ready presentation.

Core Categories

Ceramic Floor Tiles

Glazed matte and relief surfaces for residential interiors.

Porcelain Tiles

Low absorption, high durability, rectified options.

Marble Look Tiles

Premium stone visuals for elegant spaces.

Outdoor Pavers

Structured anti-slip surfaces for terraces and patios.

Wood Look Tiles

Natural warm plank surfaces with porcelain practicality.

Decorative Tiles

Glazed accent designs for walls and feature areas.

Specification Support

Product names, sizes and technical values in this catalogue are presented as a professional export selection format. Final availability, shade, calibration, packaging and certification should be confirmed before order confirmation.

Export focus: mixed containers, project sourcing, retailer supply, private-label support and sample coordination from Türkiye.

A balanced selection for residential spaces, hotel projects, retail floors and outdoor areas.

CERAMIC FLOOR TILE

Classic White Relief Ceramic

Bright geometric white surface for clean residential interiors.

Indoor

Matte

Modern

SPECIFICATION PROFILE

SIZES	30x60 / 60x60 cm
THICKNESS	8-9 mm
MATERIAL	Glazed ceramic
FINISH	Matte relief
SLIP RATING	R9
USE	Bathrooms, kitchens, corridors

KEY SELLING POINTS

- Light-reflecting white design opens compact spaces.
- Subtle relief pattern adds visual movement without overpowering the room.
- Easy-clean glazed surface for everyday residential use.

SURFACE

Matte relief

SIZE OPTIONS

30x60 / 60x60 cm

APPLICATION

Bathrooms, kitchens, corridors

EXPORT READY

MOQ and packing on request

Recommended for

Classic White Relief Ceramic is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-FC-102

CERAMIC FLOOR TILE

Stone Beige Matte Ceramic

Warm neutral stone look for calm, timeless floor schemes.

Indoor

Matte

Neutral

SPECIFICATION PROFILE

SIZES	45x45 / 60x60 cm
THICKNESS	8-9 mm
MATERIAL	Glazed ceramic
FINISH	Matte stone effect
SLIP RATING	R9-R10
USE	Living rooms, halls, retail

KEY SELLING POINTS

- Balanced beige tone coordinates with wood, metal and soft furnishings.
- Matte surface reduces glare and supports a natural interior mood.
- Ideal for residential and light commercial projects.

SURFACE

Matte stone effect

SIZE OPTIONS

45x45 / 60x60 cm

APPLICATION

Living rooms, halls, retail

EXPORT READY

MOQ and packing on request

Recommended for

Stone Beige Matte Ceramic is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-POR-201

PORCELAIN FLOOR TILE

Moonstone White Porcelain

Soft white stone effect with a refined semi-matte appearance.

Porcelain

Indoor

Large Format

SPECIFICATION PROFILE

SIZES	60x60 / 60x120 cm
THICKNESS	9 mm
MATERIAL	Porcelain
FINISH	Semi-matte stone
SLIP RATING	R9
USE	Kitchens, bathrooms, living areas

KEY SELLING POINTS

- Subtle stone texture gives modern floors depth without strong veining.
- Porcelain body offers low water absorption and good durability.
- Works well in minimalist, hotel and apartment projects.

SURFACE

Semi-matte stone

SIZE OPTIONS

60x60 / 60x120 cm

APPLICATION

Kitchens, bathrooms, living areas

EXPORT READY

MOQ and packing on request

Recommended for

Moonstone White Porcelain is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-POR-202

PORCELAIN FLOOR TILE

Basel Neutral Porcelain

Minimal concrete-inspired porcelain in soft cream and taupe tones.

Porcelain

Rectified

Urban

SPECIFICATION PROFILE

SIZES	60x60 cm
THICKNESS	9 mm
MATERIAL	Porcelain
FINISH	Soft matte
SLIP RATING	R9-R10
USE	Residential floors, offices, cafes

KEY SELLING POINTS

- Neutral palette supports large open-plan interiors.
- Rectified edge option enables narrow grout lines for a seamless look.
- Suitable for contemporary homes, offices and hospitality areas.

SURFACE

Soft matte

SIZE OPTIONS

60x60 cm

APPLICATION

Residential floors, offices, cafes

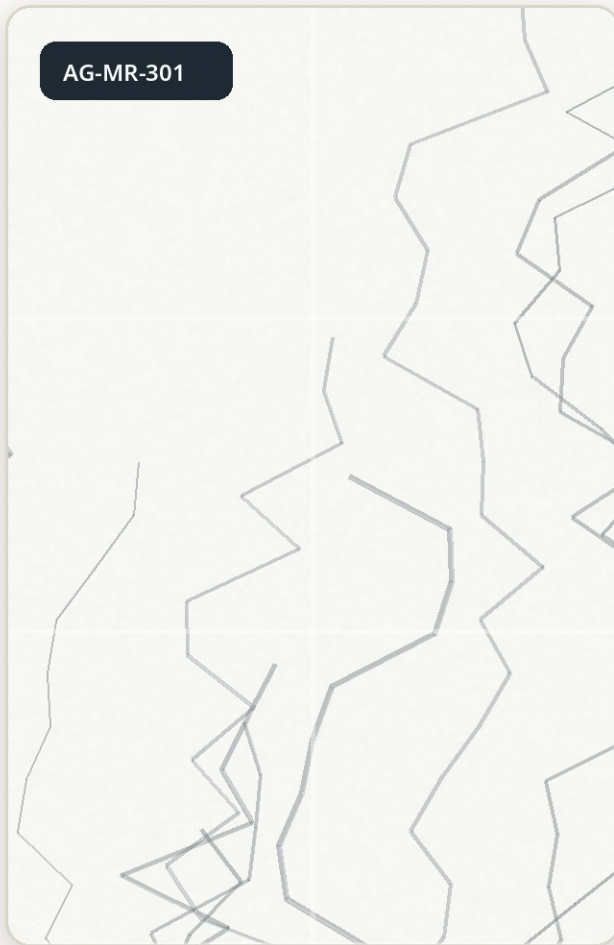

EXPORT READY

MOQ and packing on request

Recommended for

Basel Neutral Porcelain is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

MARBLE LOOK PORCELAIN

Calacatta White Marble Look

Elegant white surface with fine grey veining for premium interiors.

Luxury

Rectified

Marble Look

SPECIFICATION PROFILE

SIZES	60x120 / 80x80 cm
THICKNESS	9-10 mm
MATERIAL	Porcelain
FINISH	Polished or matte
SLIP RATING	R9 matte
USE	Lobbies, bathrooms, luxury interiors

KEY SELLING POINTS

- Classic Calacatta character creates a bright premium look.
- Large format reduces grout lines for cleaner surfaces.
- Recommended for feature floors, walls and high-end living spaces.

SURFACE

Polished or matte

SIZE OPTIONS

60x120 / 80x80 cm

APPLICATION

Lobbies, bathrooms, luxury interiors

EXPORT READY

MOQ and packing on request

Recommended for

Calacatta White Marble Look is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-MR-302

MARBLE LOOK PORCELAIN

Fossil Cream Marble Honed

Cream marble character with soft fossil movement and honed elegance.

Warm Tone

Honed

Premium

SPECIFICATION PROFILE

SIZES	60x60 / 60x120 cm
THICKNESS	9 mm
MATERIAL	Porcelain
FINISH	Honed matte
SLIP RATING	R9-R10
USE	Bathrooms, bedrooms, hospitality

KEY SELLING POINTS

- Warm cream colour brings softness to modern luxury interiors.
- Honed surface offers a calmer appearance than high gloss marble.
- Pairs well with brass, walnut, beige and stone palettes.

SURFACE

Honed matte

SIZE OPTIONS

60x60 / 60x120 cm

APPLICATION

Bathrooms, bedrooms,
hospitality

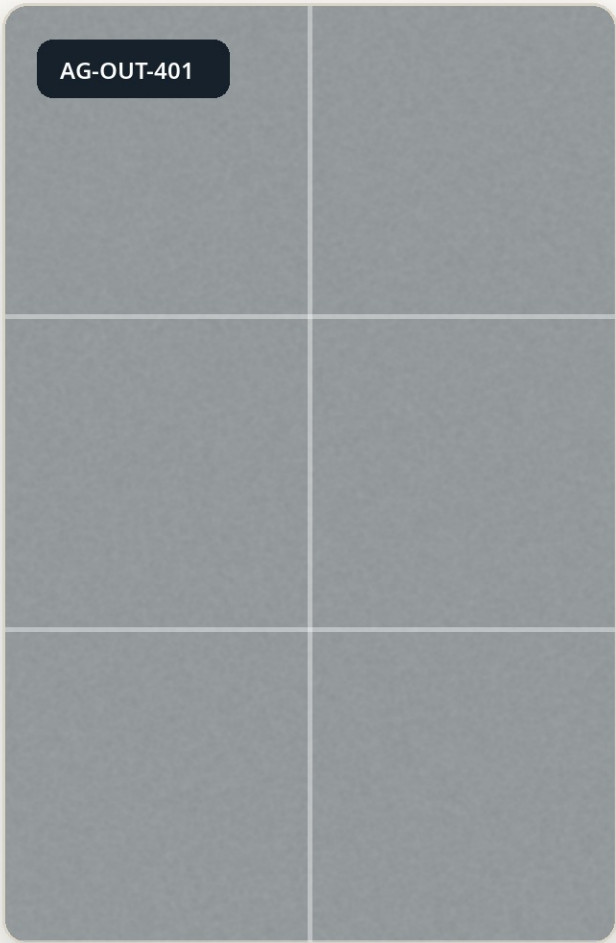

EXPORT READY

MOQ and packing on request

Recommended for

Fossil Cream Marble Honed is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

OUTDOOR PORCELAIN PAVER

Concrete Grey Outdoor Paver

Durable grey porcelain paver for terraces, gardens and pool areas.

- Outdoor
- 20 mm
- Anti-Slip

SPECIFICATION PROFILE	
SIZES	60x60 cm
THICKNESS	20 mm
MATERIAL	Porcelain paver
FINISH	Structured concrete
SLIP RATING	R11
USE	Terraces, patios, pool decks

KEY SELLING POINTS

- 20 mm body is designed for outdoor paving applications.
- Structured anti-slip texture supports wet-zone safety.
- Concrete look coordinates with modern landscape architecture.

 SURFACE

Structured concrete

 SIZE OPTIONS

60x60 cm

 APPLICATION

Terraces, patios, pool decks

 EXPORT READY

MOQ and packing on request

Recommended for

Concrete Grey Outdoor Paver is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

OUTDOOR PORCELAIN TILE

Graphite Stone Anti-Slip

Dark graphite stone finish for strong exterior and commercial floors.

Outdoor Textured R11

SPECIFICATION PROFILE	
SIZES	30x60 / 60x60 cm
THICKNESS	9-20 mm
MATERIAL	Porcelain
FINISH	Structured stone
SLIP RATING	R11
USE	Entrances, balconies, terraces

KEY SELLING POINTS

- Deep graphite tone creates a clean architectural surface.
- Anti-slip structure is suitable for outdoor circulation zones.
- Low-maintenance porcelain is practical for export projects.

SURFACE

Structured stone

SIZE OPTIONS

30x60 / 60x60 cm

APPLICATION

Entrances, balconies, terraces

EXPORT READY

MOQ and packing on request

Recommended for

Graphite Stone Anti-Slip is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-WD-501

WOOD LOOK PORCELAIN

Oak Wood-Look Porcelain

Natural oak plank appearance with the strength of porcelain.

Wood Look

Plank

Warm

SPECIFICATION PROFILE

SIZES	20x120 / 15x90 cm
THICKNESS	9 mm
MATERIAL	Porcelain
FINISH	Matte wood grain
SLIP RATING	R9-R10
USE	Living rooms, cafes, terraces

KEY SELLING POINTS

- Wood effect gives warmth while porcelain simplifies maintenance.
- Long plank format creates a natural floor flow.
- Suitable for spaces where real wood is difficult to maintain.

SURFACE

Matte wood grain

SIZE OPTIONS

20x120 / 15x90 cm

APPLICATION

Living rooms, cafes, terraces

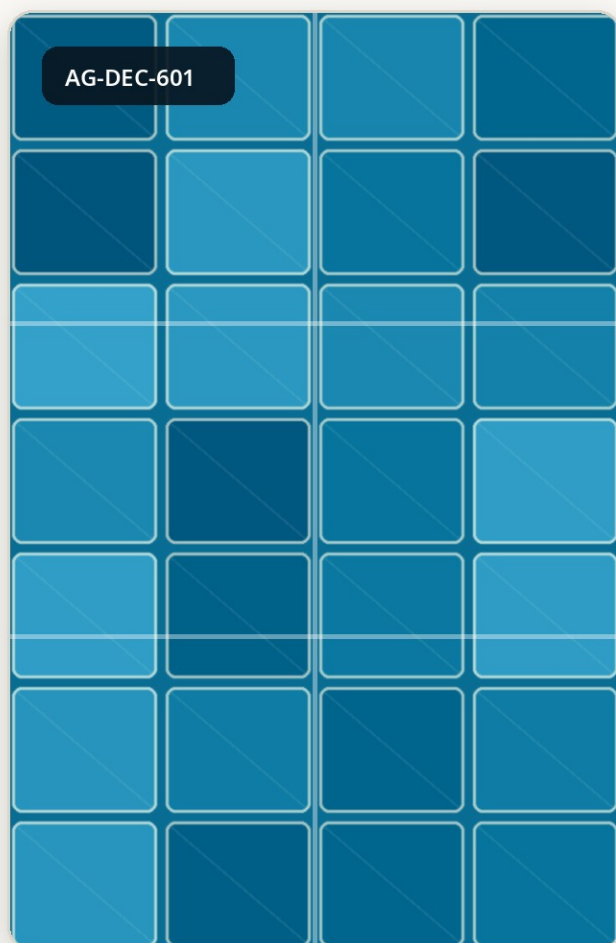

EXPORT READY

MOQ and packing on request

Recommended for

Oak Wood-Look Porcelain is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

DECORATIVE CERAMIC TILE

Blue Metro Decorative Ceramic

Handmade-look blue glazed surface for accent walls and feature floors.

Decorative

Glossy

Color

SPECIFICATION PROFILE

SIZES	10x10 / 15x15 cm
THICKNESS	8 mm
MATERIAL	Glazed ceramic
FINISH	Glossy handmade effect
SLIP RATING	R9 when floor-rated
USE	Bathrooms, kitchens, feature areas

KEY SELLING POINTS

- Rich blue glaze creates a memorable decorative statement.
- Handcrafted variation gives character to hospitality and retail projects.
- Works beautifully with white grout, brass details and natural stone.

SURFACE

Glossy handmade effect

SIZE OPTIONS

10x10 / 15x15 cm

APPLICATION

Bathrooms, kitchens, feature areas

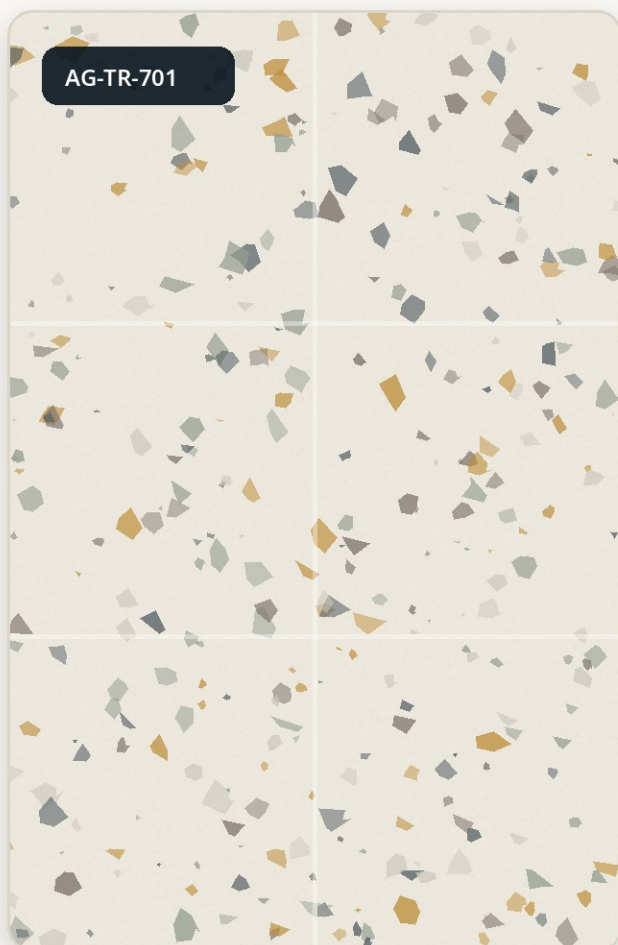

EXPORT READY

MOQ and packing on request

Recommended for

Blue Metro Decorative Ceramic is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

TERRAZZO LOOK PORCELAIN

Modern Terrazzo Porcelain

Contemporary terrazzo surface with refined chips and neutral base.

Terrazzo

Porcelain

Design

SPECIFICATION PROFILE

SIZES	60x60 / 80x80 cm
THICKNESS	9-10 mm
MATERIAL	Porcelain
FINISH	Matte terrazzo
SLIP RATING	R9-R10
USE	Retail, bathrooms, restaurants

KEY SELLING POINTS

- Terrazzo chips create design energy without heavy colour contrast.
- Durable porcelain construction supports high-use interior areas.
- Excellent for boutique retail, restaurants and modern homes.

SURFACE

Matte terrazzo

SIZE OPTIONS

60x60 / 80x80 cm

APPLICATION

Retail, bathrooms, restaurants

EXPORT READY

MOQ and packing on request

Recommended for

Modern Terrazzo Porcelain is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

AG-ST-801

STONE LOOK PORCELAIN

Silver Stone Porcelain

Cool grey stone texture for elegant residential and commercial floors.

Stone Look

Matte

Commercial

SPECIFICATION PROFILE

SIZES	60x60 / 60x120 cm
THICKNESS	9 mm
MATERIAL	Porcelain
FINISH	Matte stone
SLIP RATING	R10
USE	Commercial interiors, halls, bathrooms

KEY SELLING POINTS

- Balanced silver-grey surface fits modern architectural palettes.
- Matte texture provides a practical, low-glare finish.
- Reliable choice for apartments, offices, hotels and public areas.

SURFACE

Matte stone

SIZE OPTIONS

60x60 / 60x120 cm

APPLICATION

Commercial interiors, halls,
bathrooms

EXPORT READY

MOQ and packing on request

Recommended for

Silver Stone Porcelain is recommended for projects that require a balance of style, durability and practical maintenance. Combine with suitable adhesive, grout and movement joints according to installation area.

Note: final technical sheet, shade, calibration and packaging should be confirmed before order.

Use these short selection notes when presenting AGALAR Group surfaces to clients, architects and contractors.

1. Indoor ceramic selection

Choose glazed ceramic for residential rooms and dry-to-medium wet areas. Confirm floor rating, slip resistance and thickness before installation.

2. Porcelain and outdoor use

Porcelain is generally selected for higher durability, lower water absorption and outdoor-ready options. Use structured anti-slip finishes for terraces, balconies and wet zones.

3. Marble and natural stone look

Marble-look porcelain provides a premium aesthetic with easier maintenance than natural stone. Approve shade, surface finish and vein variation before final order.

4. Slip resistance

Specify R9-R10 for standard interiors and R11 structured surfaces for outdoor or wet circulation zones. Local regulations and project use must guide final specification.

5. Installation and maintenance

Use professional adhesive systems, correct grout width, expansion joints and cleaning procedures. Avoid acid cleaners unless approved by the manufacturer.

6. Export documentation

Packing lists, commercial invoices, HS codes, pallet dimensions, container loading and certificates can be coordinated according to buyer requirements.

Product Reference Matrix

SURFACE TYPE	RECOMMENDED AREAS	TYPICAL FINISH	COMMON SIZES
Ceramic floor tile	Bathrooms, kitchens, rooms	Matte / glazed	45x45, 60x60
